

Our School Nursing Team

What do the Team Do?

- Work in partnership with children, parents and school to ensure children's health needs are supported.
- Develop care plans as required for children with long term conditions
- Deliver National Child Measurement Programme to children in Reception and Year 6.
- Provide support and advice to parents and signpost to relevant services as required.

What do I do if I'm concerned about my child?

- If your child has developed a new illness or condition the first thing to do is let the school know. The School Nursing Team will be contacted if required.
- If you would like to speak to the team confidentially then this can be arranged.

How can I access the team?

- Via the School Office
- Call us on 0121 746 4550 and 0121 746 4551
