

Streetsbrook Eco Team
Minutes - Friday 14 March 2014 12 noon in the Library

1. Welcome
Mrs Miller welcomed everyone to the meeting.
Apologies – Sue Rose (Governor)
2. Miss Collier – Fit and Healthy (update)
Miss Collier introduced Eco Team to her idea of a half termly inter-house competition. Everyone agreed that it was a good idea. Ways of earning points and ideas about how to organise the competition were discussed. Miss Collier made notes and took the ideas away to think about. Miss Collier hopes to organise and launch the competition in time for the Streetsbrook Marathon on April 30.
3. Energy – Eco Points
Mrs Miller asked Eco Team to help award Eco Points to each class. Spot checks on classrooms at Break times and Assembly times will be undertaken. Points will be awarded for good energy saving habits.
George Harry Marlow our giant Lego mascot will be awarded to the best performing class each half term. Mrs Butlin has also suggested there could be a further reward for the winning class!
4. Compost - Message from Mr Price
Mr Price (Caretaker) asked Mrs Miller to pass on his thanks to the Eco Team compost and plastic collection squad. He thinks they are doing a great job! Well done everyone!
Mrs Troughton (Garden Leader) asked the compost collectors to look out for unnecessary plastic bags in the compost.
5. Garden update
Mrs Troughton reported that the garden is now ready for the new growing season. Nature club will shortly begin planting and our annual potato crop is already sown.
6. Earth Hour
Sadly Streetsbrook will not be taking part in Earth Hour this year due to the clash with our Mother's Day celebrations. Mrs Miller suggested children might like to take part from home and will display a poster with details on the Eco notice board.

Date of next meeting – 12 noon, Friday 9 May 2014
