

Streetsbrook Eco Team
Minutes Friday 8 May 2015

1. Welcome

Mrs Miller welcomed everyone to the meeting. Apologies were received from Mrs Troughton

2. Compost - feedback

Y2 reported that generally this is going well. There was a request for some new gloves as sometimes the compost is really yucky to touch! In a few classes children are putting fruit waste in the general waste bin. Eco Team agreed to remind their classes to use a compost bin. If any class does not have a suitable container they should report this to Mrs Miller.

3. Scootability - feedback

The Y1 children who took part in Scootability reported that it was 'great' and that it would be worth repeating next year. Mrs Miller reported that the Y1 staff agreed with this view but that they would recommend more time is allocated to the practical elements of the training session.

4. Stroll 'n' Roll Assembly

Mrs Miller asked Eco Team to help her present an Assembly on Thursday 21 May to launch Streetsbrook's new walk to school programme - Stroll 'n' Roll. The remainder of the meeting was given over to preparing for the Assembly.

5. Any other business

There was no other business raised.

- Date of next meeting - 12.00 Friday 26 June 2015
