

# Come dine with me!

To celebrate Chinese New Year at cooking club, we invited all of the parents in to join us for our Chinese feast.

First job was to wash our hands and put on our aprons. Then the washing, peeling, chopping and grating began!

It was hard work but great fun! We are becoming real experts now at using the 'bridge cutting technique'.

Finally it was time to get cooking! This was a job for the grown ups - we waited patiently at the restaurant for our food to be served.

Yum! Yum!  
A delicious Chinese stir fry with noodles.

It was chopsticks at the ready.

A super celebration meal - children, parents and staff had a fabulous time and enjoyed the festivities!
